FOR IMMEDIATE RELEASE

November 25, 2008

See the Tunnel of Lights at the Holiday in Lights

Sharonville, Ohio: “The excitement this creates is what the Holiday season is all about,” states Barbara Scull, President, Alleen Company. “Each year we add new lights along with the Tunnel of Lights which has become a favorite.”

Santa will be arriving with lights and sirens ablaze in a Sharonville Fire Dept fire truck at 5:30pm, Friday night, November 28, 2008 to throw the switch to light the 1 mile driving trail through the woods. The entrance to “Holiday in Lights” is at the Sharon Woods Park entrance on Rt 42, Lebanon Road, just south of Kemper Rd.

The Sharonville Chamber of Commerce along with the Alleen Company and the Hamilton County Park District invite you to participate in this “Holiday in Lights” evening.

Comments made about “Holiday in Lights”:

“My 89 year old father asks me every year if we are making a trip through Sharon Woods to see the dancing lights”

“The kids are mesmerized by the colors, the action, and want to know when we are going this year”

“Will that great Santa and train display be open this year?”
